

### Add Inventory Type

The screenshot displays the 'Inventory Type List' page in the Admin Help Document. The sidebar on the left contains navigation items: Store, Blogs, Products, Orders, Suppliers, Inventory Management (selected), Locations, Reports, Users, Manage VAT, and Help. The main content area shows the 'Inventory Type List' with a 'Create New Inventory Type' button (2) and a table with one entry: 'Packing Materials'. The table has 'Update' and 'Delete' buttons. The page also shows a search bar, a 'Show 10 entries' dropdown, and pagination controls (Previous, 1, Next).

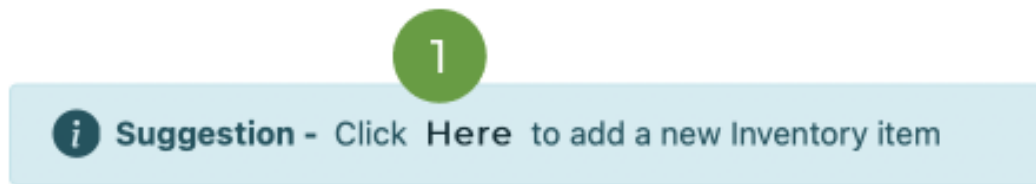

Step 1 – Click on the “Inventory Type” nav item (1) then, click on the “Create New Inventory Type” (2) button

The screenshot displays the 'Create Inventory Type' form in the Admin Help Document. The sidebar on the left contains navigation items: Store, Blogs, Products, Orders, Suppliers, Inventory Management (selected), Locations, Reports, Users, Manage VAT, and Help. The main content area shows the 'Create Inventory Type' form with a text input field for 'Inventory Type Name' (1) containing 'ground coffee beans'. Below the input field are 'Create' (2) and 'Cancel' buttons. A '3' is also present next to the 'Cancel' button.

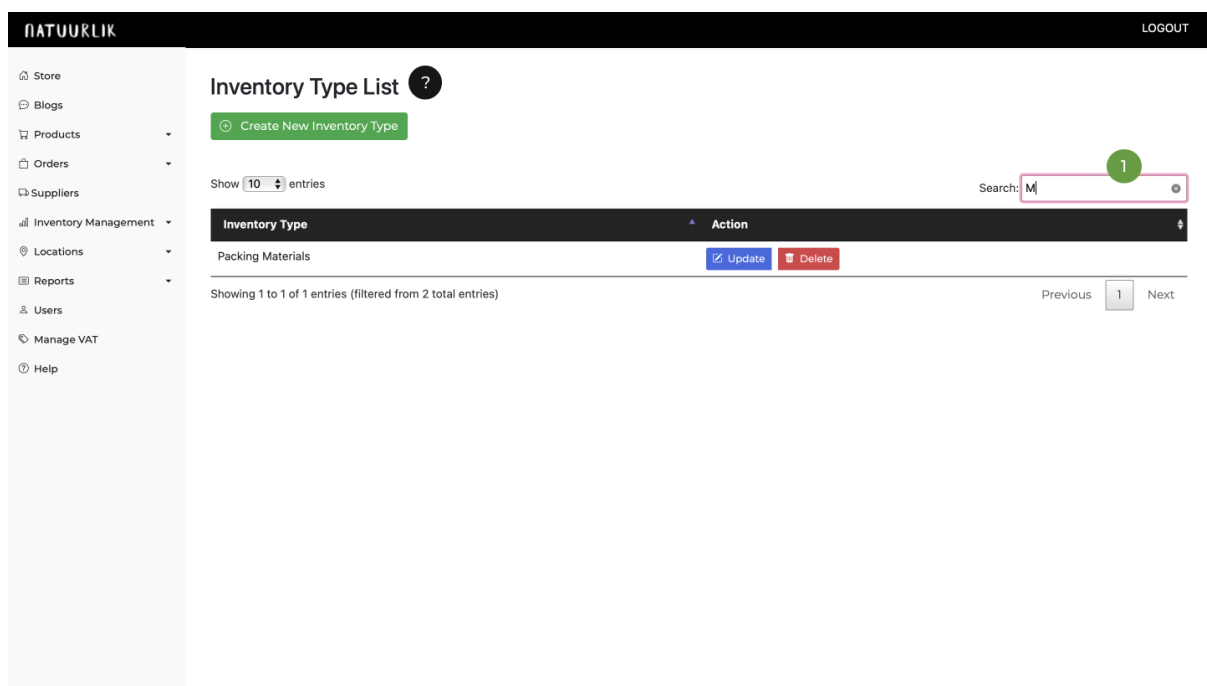

Step 2 – Add the name of the Inventory Type into the textbox (1)

Step 3 – Click on the “Create” button to add the Inventory Type (2) or the Cancel button (3) to return to the Inventory Type List screen

Optional step – Click on the “Here” (1) link to add a new Province

## Search for Inventory Type

Step 1 – Type the name of the Inventory Type you are searching for in the search bar (1)

## Update Inventory Type

The screenshot shows the 'Update Inventory Type' form within the NATUURLIK application. The form has a title bar 'Update Inventory Type'. Below the title bar, there is a text input field labeled 'Inventory Type Name' containing the text 'unground coffee beans'. To the right of the input field is a green circle with the number '1'. Below the input field are two buttons: a green 'Update' button and a white 'Cancel' button. To the left of the 'Update' button is a green circle with the number '2', and to the right of the 'Cancel' button is a green circle with the number '3'. On the left side of the screen, there is a sidebar menu with various options: Store, Blogs, Products, Orders, Suppliers, Inventory Management, Locations, Reports, Users, Manage VAT, and Help. The 'Inventory Management' option is highlighted.

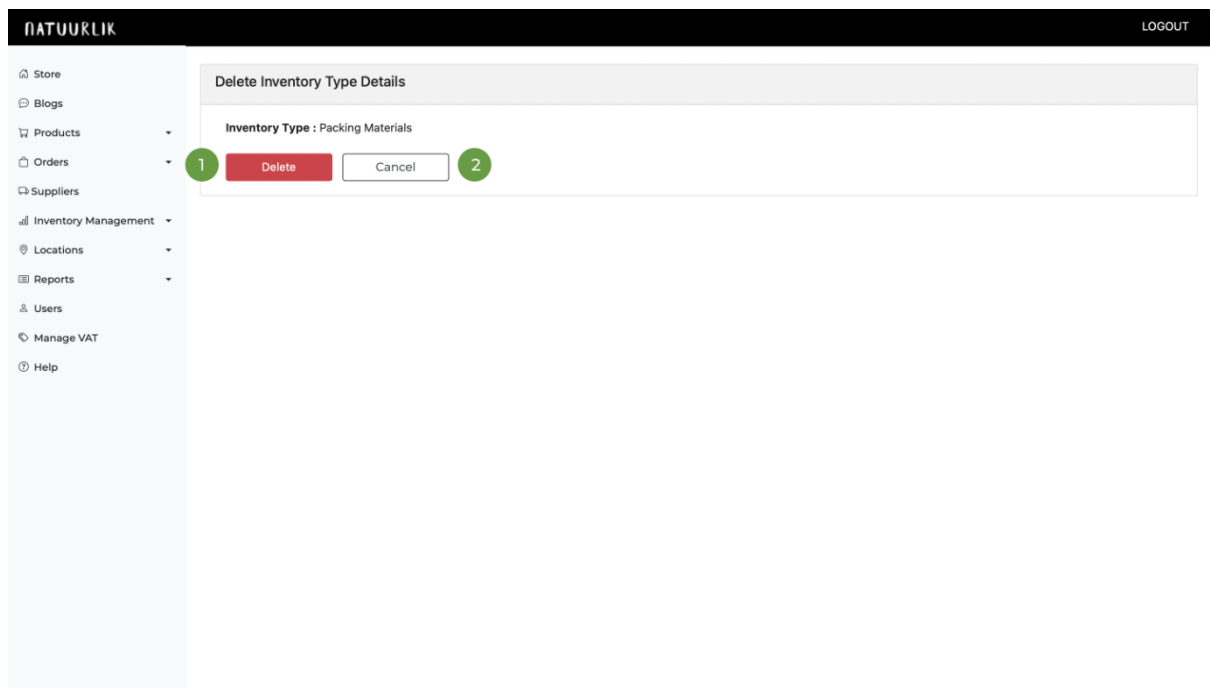

Step 1 – Fill in the Inventory Type details in the provided form

Step 2 – Click on the “Update” button (1) to update the Inventory Type details or “Cancel” button (2) to return to the Inventory Type List screen

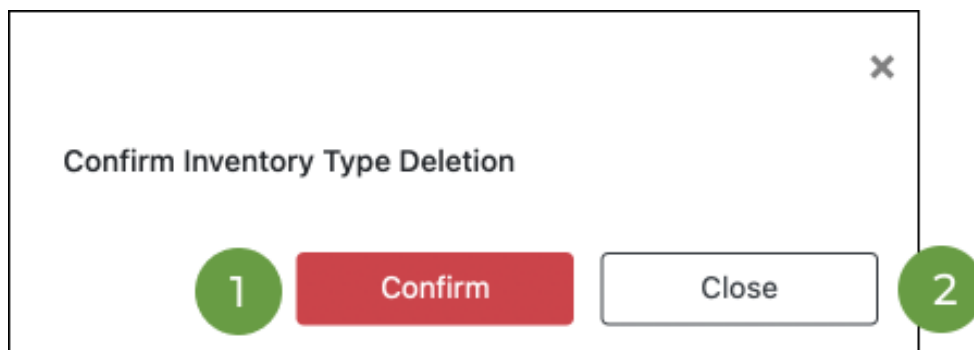

The screenshot shows a modal dialog box titled 'Confirm Inventory Type Details'. The dialog box has a close button (X) in the top right corner. At the bottom of the dialog box, there are two buttons: a green 'Confirm' button and a white 'Close' button. To the left of the 'Confirm' button is a green circle with the number '1', and to the right of the 'Close' button is a green circle with the number '2'.

Step 3 – Click on the “Confirm” button (1) to proceed with the update or the “Close” button (2) to return to the Inventory Type List screen

## Delete Inventory Type

Step 1 – Click on the “Delete” button to delete the Inventory Type (1) or the “Cancel” button (2) to return to the Inventory Type List screen

Step 2 – Click on the “Confirm” button (1) to confirm the deletion Inventory Type or the “Cancel button (2) to return to the Inventory Type List screen
